

RAMBLERS' ASSOCIATION: EAST DORSET GROUP

MEETING PLACES

FOR RAMBLES AND OTHER FUNCTIONS WITH CAR PARKING SPACE

REVISED SEPTEMBER 2004 with additional updates December 08 highlighted (not fully revised)

NOTES.

1. LOCATIONS. This is a list of possible places for starting walks etc. **It is not practicable to keep it fully up to date so the final responsibility of choosing a suitable starting point must rest with the walk leader.** If you are aware of any corrections, please send them to the Leaders' Co-ordinator. (See 6.2 below). Some supermarkets are enforcing a time limit in their car parks, the list has not been checked for this.

2. CONSENT. Locations marked thus * need the consent of the owner/proprietor in order to leave cars. Many of these are pubs where permission is given for persons patronising the pub after the walk. There may also be other locations not so marked that also need consent. If using a location for the first time and it is not on a public highway or known public land etc please check to see if consent is needed.

3. CAR PARK CHARGES: Car park charges (or lack of them) should be determined and advised to the Programme Co-ordinator when walks are submitted. The existence of charges, their amount or when shown to be free (or not at all) on the list below is not conclusive evidence of the correct current situation. It should also be noted that some car parks are free in the winter only. If station car parks are used they are almost certain to have charges, but may be free on Sundays, or have a reduced rate after the morning peak period. New Forest District Council have introduced charges for its car parks (usually in towns and villages) from January 2004. Forestry Commission car parks are still free but with the change to a National Park, watch this space!

4. OTHER CHARGES: When transport is included in a walk eg. train, bus or ferry, the fare should be determined and advised to the Programme Co-ordinator with the walk details.

5. OS MAP NUMBERS: These are Ordnance Survey Landranger Series sheet numbers.

6. SEPTEMBER 2004 REVISION. This list has been revised and updated in the following ways:

6.1. Walk starting points used in East Dorset Group Programmes from November 2001 to February 2004 not already on the list have been added.

6.2. A method of semi-automatically sorting the starting points into 10km grid squares has been developed and the list sorted. This has shown up a number of errors in grid references and duplicate entries. These have been corrected. Anyone wanting the sorted version should contact the Leaders' Co-ordinator (contact details in your programme).

The 10km squares are sorted by those grid lines that have the eastings and the northings divisible by 10. For example: If you require the 10km square containing Ringwood (Map 195) you need to ask for square SU100 000. In this particular case Ringwood is approximately central in the square but it will not always be the case. The location could be in one corner so do check before asking. Requests for 10km squares can be made by reference to a particular town or village (and you will get the relevant square) or by **grid reference of the square** (eg SU100 000) when you will get 10km to the east and north of that reference. Please also give the lettered prefix.

6.3. Car parks in the New Forest have been checked against the latest list from the Forestry Commission. Not all the New Forest car parks are included, there are over 100 of them. They are marked on the OS 1:50 000 and 1:25 000 maps.

The list has not been comprehensively checked to ensure that all the places are still suitable, though a few locations known to be unsuitable have been removed.

ABBREVIATIONS:

BRANKSOME PARK	St Aldhelms Road/Withingham Road	195	SZ 058 916
BRANSGORE	Car Park off Betsy Lane	195	SZ 187 980
BREAMORE HOUSE	Museum Car Park. Park on left away from museum, toilets & wall.	184	SU 152 187
The house is closed from 1 st October until 5 th April. In previous years the museum car park (SU 151 186) has been open, but this year it was roped off for the two walks in October. However there is plenty of room in the "Lane behind the tea room and chapel" (SU 152 187, which is actually the grid ref on the List). Park here rather than at the museum, which is not ideal if there are many visitors to the house.			
BRIANTSPUDDLE	Cullpeppers Dish Car Park (free)	194	SY 815 925
BRIDPORT	Town Centre traffic lights - park in town	193	SY 465 929
